

- ★ Another useful touchpad gesture makes it easy to cycle through open tabs in the browser. This is a 3-finger swipe to the left or right to spin through the open tabs. This is especially good for those who have lots of tabs open in Chrome.
- ★ Another useful touchpad gesture is the 3-finger swipe to invoke the graphical Task Manager. Just swipe down with three fingers and every active window is displayed in a thumbnail image on the main screen.
 - From the Task Manager you can swipe up with three fingers to return to the last active window or tap on a thumbnail to jump to that app.
